

PELLENC ST SOLUTIONS FOR GLASS RECOVERY

Pellenc ST partnership with Sesotec and KRS recycling Systems

Following its agreement on flake sorting for plastics recycling applications and on metals sorting, Pellenc ST concluded at IFAT a new partnership with Sesotec and KRS Recycling Systems, global leaders in glass recycling. This worldwide partnership covers the distribution of « GlassRec » series, sorting equipment for the recovery of glass in Municipal Solid waste and mixed waste.

The ultimate goal for Pellenc ST is to propose to its customers a global offer in order to meet the markets needs of today and tomorrow.
