

# MISTRAL COMPACT

THE MACHINE FOR COMPLEX  
MODERNISATIONS AND INTEGRATIONS

## The most compact sorting machine on the market

- + Adaptation to restricted environments
- + Modernization of existing sites  
Available machine widths: 800, 1000, 1200, 1400, 1600, 2000, 2400, 2800
- + Quick and easy installation
- + Modular assembly possible on-site

## Unmatched sorting performance

Increased yields and purity

- + **Universal spectrometer** to address all sorting applications
- + Focused lighting offering **the best light signal on the market**

High speed sorting

- + **Top Speed: + 50% capacity**
- + **Turbosorter (3<sup>rd</sup> generation): stabilization of 2D objects**

## 24/7 Customer Service

**Service  
PACK**

- A turnkey offer, including wear parts
- Local & personalized support
- Connected machines: Smart&Share®

## Markets

- Packaging
- Paper/ cardboard
- Municipal Solid Waste
- Commercial and Industrial Waste
- RDF

## Low maintenance costs

- **Low wearparts replacement rate**  
(electro valves, lamps)
- **Cost-effective vortex cooling system**  
(no AC)
